# CONTENTS OF VOLUME 35

## ORIGINAL ARTICLES

| | | |
|---|---|---|
| Hereditary Occurrence of Enlarged Parietal Foramina | *O. H. Perry Pepper, M.D.*<br>*E. P. Pendergrass, M.D.* | 1 |
| Osteolytic Lesions Involving the Calvarium | *E. P. Pendergrass, M.D.*<br>*Alfred A. de Lorimer, Captain, M.C.* | 9 |
| Metabolic Craniopathy | *Sherwood Moore, M.D.* | 30 |
| Extrapericardial Fat Bodies | *Friedrich G. Kautz*<br>*Max Pinner* | 40 |
| Congenital Cysts of the Lungs | *Eugene Freedman, M.D.* | 44 |
| Simple Cyst of the Pleura: Report of a Case | *Eugene Freedman, M.D.*<br>*Morris A. Simon, M.D.* | 53 |
| The Three Zones of Simple Pleural Effusions | *Julius Kaunitz, M.D.* | 57 |
| Large Aneurysm of the Descending Thoracic Aorta with Retropsoas Extension | *B. Swayne Putts, M.D.*<br>*Ralph D. Bacon, M.D.* | 59 |
| The Roentgenological Diagnosis of Abscess on the Concave Surface of the Liver | *J. M. Miles, M.D.* | 65 |
| The Rectification of Errors in the Diagnosis of Movement of Ureteral Calculi | *Whitmer B. Firor, M.D.* | 70 |
| Hodgkin's Disease of Bone Marrow and Liver without Apparent Involvement of Lymph Nodes | *Harry Herscher, M.D.* | 73 |
| On the Technique of Encephalography | *Theodore J. C. von Storch* | 78 |
| A Technique for Roentgen Irradiation of Inaccessible Cancer of the Skin | *Howard Hicks Ashbury, B.S., M.D.* | 93 |
| The Separate and Combined Use of Artificially and Naturally Produced Rays | *William H. Cameron, M.D.* | 96 |
| A Practical Device for Gastrointestinal Roentgenography under Roentgenoscopic Control | *William R. Stecher, M.D.* | 123 |
| Roentgen Therapy of Certain Infections | *Fred M. Hodges, M.D.* | 145 |
| The Roentgen Aspects of Chronic Arthritis | *Edgar W. Spackman, M.D.* | 156 |
| Visualization of the Cerebral Vessels by Direct Intracarotid Injection of Thorium Dioxide (Thorotrast) | *Julius Loman, M.D.*<br>*Abraham Myerson, M.D.* | 188 |
| Thorium Hydroxide Sols as Opaque Media in Roentgenography | *Thomas O. Menees, M.D.*<br>*J. D. Miller, M.D.* | 194 |
| The "Double-Oral" Method for Cholecystography | *Lester R. Whitaker, M.D.* | 200 |
| Giant Rugae (Localized Hypertrophic Gastritis) Resembling Carcinoma | *John L. Kantor, M.D.* | 204 |
| Papilloma of the Duodenum | *Edward Schons, M.D.* | 208 |
| A Case of Osteopetrosis (Marble Bones) Complicated by Osteogenic Sarcoma | *H. Dabney Kerr, M.D.* | 212 |

| | | |
|---|---|---|
| The Relationship between Ethmoiditis and Ocular Disturbances | *S. L. Koch, M.D.*<br>*J. Homer McCready, M.D.* | 215 |
| Diagnosis of Traumatic Lesions of the Urinary Tract | *Fred O. Coe, M.D.* | 218 |
| Roentgen Technique for Internal Fixation of Fractures of Femoral Neck | *Charles H. Peterson, M.D.* | 226 |
| Modification of Radiosensitivity by Means of Readily Penetrating Acids and Bases | *R. E. Zirkle* | 230 |
| Incisional Biopsy | *John M. Hanford, M.D.*<br>*Cushman D. Haagensen, M.D.* | 238 |
| The Advantages and Limitations of Aspiration Biopsy | *Hayes E. Martin, M.D.*<br>*Fred W. Stewart, M.D.* | 245 |
| Electrosurgical Biopsy | *Grant E. Ward, M.D.*<br>*Charles F. Geschickter, M.D.* | 248 |
| Radium in Primary Carcinoma of the Female Urethra | *Lawrence A. Pomeroy, M.D.* | 259 |
| The Roentgen Examination of the Chest | *J. Gershon-Cohen, M.D.* | 279 |
| Lateral View of the Hip | *Gerhard Danelius, M.D.*<br>*Leo F. Miller, M.D.* | 282 |
| Intubation Studies of the Human Small Intestine. V. The Motor Effects of Single Clinical Doses of Morphine Sulphate in Normal Subjects | *W. Osler Abbott, M.D.*<br>*Eugene P. Pendergrass, M.D.* | 289 |
| Intubation Studies of the Human Small Intestine. VI. The Influence of Variations in the Reaction and the Motility of the Stomach Contents on the Reaction and the Motility of the Intestinal Contents | *T. Grier Miller, M.D.*<br>*W. G. Karr, Ph.D.* | 300 |
| The Effect of Foodstuffs on the Emptying of the Normal and Operated Stomach and the Small Intestinal Pattern | *I. S. Ravdin, M.D.*<br>*E. P. Pendergrass, M.D.*<br>*C. G. Johnston, M.D.*<br>*P. J. Hodes, M.D.* | 306 |
| Observations on Small Intestinal Physiology in the Presence of Calcified Mesenteric Lymph Nodes | *Ross Golden, M.D.* | 316 |
| Emphysematous Blebs and Bullae | *Eugene Freedman, M.D.* | 324 |
| The Roentgen Treatment of Malignancy Using Filtration Equivalent to 5 mm. Copper | *E. A. Merritt, M.D.*<br>*R. Rhett Rathbone, M.D.* | 334 |
| Indications for Radical Surgery of the Breast | *Hugh Auchincloss, M.D.* | 344 |
| The Place of Interstitial Irradiation in Cancer of the Breast | *Orville N. Meland, M.D., F.A.C.S.* | 348 |
| Effect of Preoperative Irradiation in Primary Operable Cancer of the Breast | *Frank E. Adair, M.D.* | 359 |
| Treatment of Inoperable, Recurrent and Metastatic Carcinoma of the Breast | *Eugene T. Leddy, M.D.*<br>*Arthur U. Desjardins, M.D.* | 371 |
| Effect of Ovarian Irradiation on Bone Metastases of Cancer of the Breast | *Richard Dresser, M.D.* | 384 |

| | | |
|---|---|---|
| Effect of Radium Irradiation on the Electrophoretic Velocity, Viability, and pH of *Escherichia coli* Suspensions | *K. Pierre Dozois, M.S.*<br>*Grant E. Ward, M.D., F.A.C.S.*<br>*Frank W. Hatchel, M.D.* | 392 |
| The Place of Radiation in the Treatment of Cerebellar Medulloblastomata; Report of Twenty Cases | *Elliott C. Cutler, M.D.*<br>*Merrill C. Sosman, M.D.*<br>*Walter W. Vaughan, M.D.* | 429 |
| Chronic Pneumonia Associated with Nutritional Disturbances in Infants | *Harry M. Greenwald, M.D.*<br>*Louis Nathanson, M.D.*<br>*Morris Steiner, M.D.* | 454 |
| Concerning Some Pathophysiological Peculiarities of the Function of the Vertebral Column | *J. M. Koudienko* | 468 |
| Soft Tissue Roentgenography | *John R. Carty, M.D.* | 474 |
| Direct Venography in Obstructive Lesions of the Veins | *Nelson W. Barker, M.D.*<br>*John D. Camp, M.D.* | 485 |
| Tuberculosis of the Tuberosity of the Ischium | *Morris Kaplan, M.D.* | 490 |
| Osteopoikilosis | *Fred B. Nather, M.D.* | 495 |
| The Five Gram Radium Pack | *Ira I. Kaplan, B.Sc., M.D.* | 498 |
| Advantages and Disadvantages of the Radium Element Pack | *James J. Duffy, M.D.* | 508 |
| Advantages and Disadvantages of Radium Packs | *Burton T. Simpson*<br>*Melvin C. Reinhard* | 513 |
| Nembutal in the Treatment of Radiation Sickness | *G. E. Richards, M.D.*<br>*M. V. Peters, M.D.* | 522 |
| A Survey of Chest Roentgenographic Technique | *Charles Weyl*<br>*S. Reid Warren, Jr.*<br>*Dallett B. O'Neill* | 526 |
| The Choice of Certain Technical Factors for Chest Roentgenography | *Charles Weyl*<br>*S. Reid Warren, Jr.*<br>*Dallett B. O'Neill* | 534 |
| Epiphysis for the Lesser Trochanter | *H. Flecker, M.B.* | 540 |
| Epiphysis for Symphysis Pubis: Does Such Exist? | *H. Flecker, M.B.* | 541 |
| An Economical Procedure in Roentgenography of the Nasal Sinuses | *H. H. Hook, R. T.* | 559 |
| Bone Changes in Chronic Fluorine Intoxication; A Roentgenographic Study | *Paul A. Bishop, M.D.* | 577 |
| A Roentgenological and Anatomical Study of the Maxillary Sinus | *Oscar V. Batson, M.A., M.D.*<br>*LeRoy M. Ennis, D.D.S.* | 586 |
| The Differential Diagnosis between Infection and Malignancy in Cases of Dorsal Paravertebral Mass | *Walter W. Fray, M.S., M.D.* | 591 |
| Congenital Cystic Disease of the Lungs: A Clinicopathological Study | *Samuel George Schenck, M.D.* | 604 |
| The Accessory Pulmonary Lobe of the Azygos Vein: An Anatomical Report of Three Cases | *Barry J. Anson*<br>*Harold V. Smith* | 630 |
| Atypical Roentgen Appearance of Pulmonary Infarction in Patients with Heart Failure | *Hyman Levy, M.D.* | 635 |

| | | |
|---|---|---|
| Roentgen Kymography of the Heart and Great Vessels | *C. L. Gillies, M.D.*<br>*H. D. Kerr, M.D.* | 640 |
| Roentgenological Changes in Chronic Arthritis | *S. L. Morrison, M.D.*<br>*J. G. Kuhns, M.D.* | 645 |
| Visualization of Minute Gallstones: (Layer Formation of Bile) | *Alice Ettinger, M.D.* | 656 |
| Roentgen Stereoscopy | *James W. Ferguson, M.D.* | 662 |
| Irradiation of the Entire Body by the Roentgen Ray: Preliminary Report of Twenty-two Cases | *Stevens S. Sanderson, B.S., M.D.* | 670 |
| Liver Extract as a Remedy for Roentgen Sickness | *Barton R. Young, M.D.* | 681 |
| Progress in Roentgen Diagnosis with the Aid of the Lysholm Grid | *Max Cohn, M.D.* | 697 |
| Middle Lobe of Right Lung: Its Roentgen Appearance in Health and Disease | *Aubrey O. Hampton, M.D.*<br>*Donald S. King, M.D.* | 721 |
| Synovial Membranes in Various Types of Arthritis: | *Ralph K. Ghormley, M.D.*<br>*Alfred E. Deacon, M.D.* | 740 |
| Fasciagraphy: A Preliminary Report | *John R. Carty, M.D.* | 747 |
| Air Injection of the Fascial Spaces | *Charles Murray Gratz, M.D., F.A.C.S.* | 750 |
| The Practical Value of Roentgenography of the Epiphyses in the Diagnosis of Pre-Adult Endocrine Disorders | *Daniel M. Clark, M.D.* | 752 |
| The Phenomena of Shadow Attenuation and Summation in Roentgenography of the Lungs | *Israel Rappaport, M.D.* | 772 |
| Roentgenography in Obstetrical Diagnosis | *Josiah R. Eisaman, M.D., F.A.C.S.* | 777 |
| Research on the Pneumatization of the Nasal Accessory Sinuses and Mastoid Processes and on the Shape and Dimensions of the Sella Turcica in Twins | *I. G. Dillon*<br>*I. B. Gourevitch* | 782 |
| The Effect of Roentgen Irradiation on Experimentally Produced Polycythemia in Rats, with Special Reference to Blood and Bone Marrow | *Eugene de Savitsch*<br>*Molly Radford*<br>*Berget H. Blocksom*<br>*S. P. Perry*<br>*Nathalie Tupikova* | 786 |
| Cerebral Roentgenoscopy as an Aid in Pneumoventriculography and Encephalography | *A. J. Bendick, M.D.*<br>*Ben H. Balser, M.D.* | 790 |
| Some Discrepancies and Pitfalls that Occur in Clinical Work as the Result of the Grading of Tumors | *F. W. Konzelmann, M.D.* | 795 |
| Erysipelas Carcinomatosum Resembling Radiodermatitis | *George E. Pfahler, M.D.* | 804 |
| Hypertension and Diabetes: Their Treatment by Radiotherapy | *James H. Hutton, M.D.* | 813 |
| An Improved High Voltage Roentgen-Ray Tube | *Benedict Cassen, Ph.D.*<br>*K. E. Corrigan, Ph.D.* | 818 |
| A Safety Device for Roentgen Apparatus | *Francis W. Bishop* | 834 |
